HG wax remover (*HG* product 67)

HG "wax remover" was developed specially for effective removal of old and dirty wax layers from unvarnished parquet and wooden flooring.

Directions:

1) Distribute the wax remover over a small surface area.
2) Rub the product well into the wax layer using a clean, lint-free (tea) towel.
3) Now remove the loose wax layer with a clean dry cloth.
4) Repeat the treatment if necessary.
5) Allow the floor to dry properly. After which a new wax layer can be applied if required.

Coverage:
± 15-20 m² per litre.

Caution: Transport and store the bottle upright.
Ventilate well during use and drying. Keep in frost-free area.
2,40% of the mixture consists of component(s) of unknown toxicity.
