STEEL POLISH

cleans, protects,
and provides
shine

250 ml e

HG steel polish

- cleans, protects, and provides shine

HG steel polish is a maintenance product for:

- stainless steel sinks, draining boards, pots, pans and kitchen utensils
- aluminium pots and pans, etc.
- copper pots and pans, etc.
- hard synthetic kitchen sinks and draining boards
- chrome taps, kettles etc.
- ceramic and electric cooking rings

HG steel polish cleans, polishes and protects in one go. Its protective action prevents rapid resoiling. *HG steel polish* is gentle on the skin.

Directions for use: Shake before use. Put some *HG steel polish* on a damp cloth and rub well onto the object or the surface to be cleaned. Rub in one direction for the best result. Rinse away or wipe off with a clean cloth, then polish with a dry cloth. If there are only light markings to be removed *HG steel polish* may be rubbed on with a damp sponge and then wiped off afterwards for quick and easy cleaning.

Attention: Transport and store the bottle upright. P101- If medical advice is needed, have product container or label at hand. P102- Keep out of reach of children. Keep in a frost-free area. • Medical personnel can request the data sheet via +31 36 54 94 777 • The consumer's information sheet can be obtained via www.HG.eu
